ABDALLAH SAMEH ALI

DATA ANALYST | BUSINESS INTELLIGENCE | POWER BI DEVELOPER

Cairo, Egypt • +20 120 157 9635 • Abdallahsameh976@gmail.com

Portfolio: portfolio-eta-rust-27.vercel.app | GitHub: github.com/abdallah-5288

PROFESSIONAL PROFILE

Data and business analyst with hands-on experience preparing datasets, building interactive Power BI dashboards, and translating business requirements into KPIs and actionable reports. Skilled in SQL, Excel, Python, Power Query, DAX, and data modeling. Brings cross-functional communication experience alongside analytics training and a BBA in Information Systems.

TECHNICAL SKILLS

Business Intelligence: Power BI, DAX, Power Query, Power Pivot, KPI reporting, dashboard development

Analytics & Data: SQL, SQL Server, Python, Excel, data cleaning, validation, data modeling, descriptive analysis

Platforms & Collaboration: Microsoft Azure, CRM systems, Microsoft Office, stakeholder engagement

PROFESSIONAL EXPERIENCE

Data Analysis & Power BI Developer | Next Academy (WazeefaTech Initiative) | May 2026 – Present

- Prepare, clean, and transform data from multiple sources to support reliable analysis and reporting.
- Develop Power BI dashboards, data models, and DAX measures to visualize KPIs and business trends.
- Combine Excel, SQL Server, and Power Query workflows to support repeatable reporting and ad hoc analysis.

AI General Fluency Intern | FlyRank AI | Jul 2026 – Aug 2026

- Completed an internship focused on practical AI fluency and workplace applications of AI tools.

Data Analysis & Visualization Intern | Excelerate | Oct 2025 – Nov 2025

- Worked on data analysis and visualization activities, communicating findings through clear visual reporting.

IT Sales Account Manager | SoftTrend | Nov 2025 – Feb 2026

- Managed IT sales account relationships and supported client communication and business requirements discussions.

SELECTED PROJECTS & PORTFOLIO

SQL & Excel Analytics Project | github.com/abdallah-5288/SQL-EXCEL-Project

- Used SQL to extract data and create views, analyze business data, and build a dashboard for stakeholder decision-making.

Power BI Dashboard Projects | github.com/abdallah-5288

- Published Power BI repositories covering supply chain, Olist, AdventureWorks, and sales analytics; project details available on GitHub.
